

BIGHORN MEADOWS
RADIIUM HOT SPRINGS - BRITISH COLUMBIA
RESORT

What a Rush! A thrill-seeker's guide to Radium Hot Springs

Have you ever wanted to soar through the skies or tear through river rapids? Then Radium Hot Springs is the perfect destination for you. Radium is home to many activities that are sure to get your adrenaline pumping.

Valley Zipline Adventures is a short five-minute drive from Bighorn Meadows Resort. Valley Zipline Adventures has seven ziplines varying in length. As the course progresses the ziplines get longer and longer. The guides are always around and for thrill-seekers like me, they will show you how to go backwards, hands free and even upside down. One of the best things about ziplining is that it is great for the family. All participants must be between 65-250lbs for safety reasons. It is recommended to go on a week day to avoid the crowds.

There are three main bodies of water that are best for **white-water rafting** in the Columbia Valley: Toby Creek, Kicking Horse River and Kootenay River. **Kootenay River Runners** is the go-to destination for white-water rafting; they offer a variety of trips from "mild to wild." Visit them in town to plan your adventure or visit True Key Adventures on Main Street to book your trip.

Have the most authentic mountain experience by going on an **ATV tour** with **Toby Creek Adventures**. They offer a variety of tours from half-day to full-day. No experience required their guides will show you everything you need to know to have a safe and enjoyable trip. Book your ATV adventure at True Key Adventures on Main Street or book online through the Toby Creek Adventures website.

Any of these adventures are sure to give you the thrill you've been looking for. Whether it's a zipline tour or an ATV adventure, you get to see the Columbia Valley in a truly unique way.
